Overview

As a Foresters member you receive value beyond the financial security gained through purchasing a product. Foresters has a long history of supporting education and personal development through our Competitive Scholarship benefit which supports student-community engagement, academic standing, and leadership development. Our Scholarship benefit helps members and their families afford post-secondary studies by providing a scholarship for up to four years of education.

Eligibility

1. How are scholarship award recipients selected, and does Foresters have any influence over the process?

The Competitive Scholarship benefit is administered by International Scholarship and Tuition Services, Inc. (ISTS) a firm specializing in overseeing the selection of scholarship winners to maintain impartiality. Foresters has no influence over the scholarship awards selection process. ISTS independently selects recipients with careful consideration of requirements, which include an essay, community service hours, and grades. **Meeting or exceeding these requirements does not guarantee selection.** Decisions by the ISTS selection committees are final.

2. How many times can I apply for a Competitive Scholarship?

After your first submission as a New Applicant, you are eligible to apply up to three consecutive times as a Returning Candidate until such time as your first post-secondary degree or equivalent is earned at which point applicants will no longer be eligible for a Competitive Scholarship. Should you continue your studies, you may be eligible for a Foresters Renew™ adult education grant. You can find more information about [Foresters Renew](#) on myforesters.com.

Please refer to the table under the [Applications section](#) (pg. 6) for further explanation.

3. If I've applied for a scholarship under my parent/grandparent/legal guardian's Foresters membership status, and they cease to be a member or pass away, am I still entitled to my scholarship award?

If the member ceases to be a member: The scholarship will terminate at the end of any academic year in which the Foresters member, whether it be the scholarship recipient or sponsoring member, ceases to be a Foresters member.

If a member passes away after the scholarship is awarded: The scholarship will continue as long as you are covered under another in-force Foresters membership, **AND** you continue to meet the criteria as a Returning Candidate.

4. My Foresters certificate is coming up for expiry and I need to renew it before applying for the scholarship award. What should I do?

If your certificate is approaching its expiry, contact the **Service Centre** immediately at 1-800-828-1540. If you have made changes to your certificate, (i.e., address change, new term, switching to another Foresters certificate, etc.) check with the Service Centre to ensure the status of your certificate is **in-force**.

5. I am applying for my second post-secondary degree/diploma. Can I still apply for a Competitive Scholarship?

No, the scholarship is only applicable to the **first** post-secondary degree or diploma sought by the recipient. If you are pursuing a graduate degree or are thinking about continuing education that is not your first post-secondary degree, as a member, you might be eligible for our Foresters Renew grant. To learn more, visit the [Foresters Renew page](#) on myforesters.com. Connect with an [Advisor/Producer](#) today to ask how to begin your [membership](#) with Foresters.

6. Can I still be approved for a Competitive Scholarship if I already have a scholarship from another institution?

If you have been awarded another scholarship or subsidy that covers a portion of your tuition costs, and where you are awarded a Foresters scholarship, Foresters will provide you with a scholarship that amounts to the lesser of:

- \$2,000 (in local currency) or
- Your remaining tuition requirements of that given academic year.

Note: Payments will be allocated in the local currency of the country which the institution is located and not the applicant's country of residence.

7. I am 24 years old now and will be turning 25 by the time the winners are selected and notified. Am I still eligible to apply?

No, you must be 24 years or younger from the time you submit your application to the time of payment. If you are over the age of 24 and would like support for tuition and course materials, then check out our [Foresters Renew grant](#) on MyForesters.com to see if you qualify. This benefit is available for Foresters members only. Connect with an [Advisor/Producer](#) today to ask how to begin your [membership](#) with Foresters!

Programs that are eligible must meet all of the following criteria:

- First undergraduate degrees or diploma programs
- Full-time program of study, as defined by the educational institution
- Minimum two-year program, not including co-op time
- Programs provided by educational institutions with recognized degree or diploma programs, excluding university preparatory programs (i.e. CEGEP, pre-university diplomas)

10. What is the difference between direct and non-direct religious volunteer activities?

- **Direct religious volunteer activity:** focuses on supporting religious practices or promoting a specific faith. This includes roles like teaching religious classes, helping with worship services, or participating in faith-based outreach efforts, where the goal is to advance religious beliefs or support the activities of a religious organization.
- **Non-direct religious volunteer activity:** occurs through your faith-based organization but is focused on general community service rather than religious teachings. This include tasks like helping at food banks, assisting with disaster relief, or supporting charitable initiatives led by religious organizations, with the focus on helping others rather than promoting faith.

Should you need further clarification on if your activity counts as a direct or non-direct religious volunteer activity please contact ISTS via chat support on the application site to speak with a customer service representative, via email at Foresters@applyISTS.com, or by phone at 1 866-258-0626, Monday through Friday, 7:00 AM to 7:00 PM Central.

11. Why is Foresters lowering the award amount and community service hour requirement?

Foresters has adjusted the award amount to \$2,000 (in local currency) to better align with our available funding and to ensure more applicants can benefit from the program. This change allows us to continue supporting a larger number of recipients by increasing our total award without compromising the quality of the program. Similarly, the community service hour requirements have been adjusted to reflect current trends in volunteerism and to create a more achievable standard for participants, ensuring that the program remains inclusive and accessible.

Mandatory fees (or compulsory fees) are required charges in addition to tuition; some mandatory fees are charged to all students enrolled at the institution, while others are specific to certain majors or classes. These fees must be paid in order for a student to enroll/remain enrolled, and in most cases, cannot be waived. Mandatory fees can include fees that support institution-wide initiatives (technology, building construction/maintenance, libraries, student activities, etc.) as well as course or lab fees related to specific coursework. *Please note that room/housing, board/food and books/supplies are not considered mandatory expenses under this definition, even if they are included in the institution's student budget.*

To request a deferral, you must email ISTS at Foresters@applyISTS.com. At the discretion of Foresters, you may be asked by ISTS to provide proof of circumstances. Once your request is approved, ISTS will make a deferral form available to you on your ISTS Application Homepage. You must submit this form to finalize the request.
